MEMORANDUM FOR: Director of Central Intelligence

FROM : John F. Blake
Deputy Director for Administration

George:

1. I know that you are not looking for things to do, but I would like to mention three good uses of your time should your scheduling permit:

a. I think you might enjoy seeing the Computer Center in the Headquarters Building. It is located principally on the Ground Floor (with a little bit on the First Floor), and you can "eyeball" the Center in about 30 minutes.

25X1A b. The second idea, although you briefly viewed one installation, is a visit to the [REDACTED] I would envision you seeing [REDACTED] both of which are now receiving close scrutiny from the House Appropriations Committee. This would call for about three hours on your schedule, one and one-half hours round-trip transportation time and one and one-half hours on the scene.

25X1A

25X1A c. The third element is the [REDACTED]

25X1A [REDACTED] It is the major Office of Logistics facility that supports our operations in the Washington metropolitan area, plus a centralized testing and storage facility for the Office of Communications. It also has representation from Division D of DDO. This would take a maximum of two hours.

3. The visit to the Computer Center may be made at the drop of a hat, but I suggest you might call either me or else Danny May, the Director of Data Processing, extension 4000 or 4011, at your convenience. The other two visits would be best done by scheduling them in advance.

/s/ John F. Blake
